WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

Re: Petition for Revival

My attorney Mr. Tim Martin was the address of record for this application. He has closed his practice and abandoned all of his clients. No communication was received of any kind for the entire year of 2008. I have just recently discovered that his inaction resulted in abandonment of this application along with other USPTO matters. Enclosed is copy of letter to the state of Colorado detailing this situation. I understand that Mr. Martins license has been suspended by the state of Colorado. I am now proceeding with updating the matters and retaining new patent council.

I do not have the last office action I believe dating from 7/9/07. We were in the process of responding which he failed to do. I need all documents from this point forward to proceed.

Thank you for your understanding with this matter.

Sincerely,

Wayne R Arden

Re: Timothy J. Martin

Dear Ms. Hensel;

I made a report concerning Mr. Martin today via phone and was informed that I need to put my concerns in writing. I am extremely busy and frequently out of town but here is a brief summary.

I retained Tim approx. 2001. We filed and after 3 years received a patent for my medical device. Then a continuation in part was filed regarding the same device. A second and different device was filed in 2006. A trademark was also filed on my behalf. My concerns are;

- Status of patent and maintenance fees
- Status of continuation in part.
- Status of patent pending
- Status of trademark.

Mr. Martins office is the address of record for all this work.

I went to the Nuggets Lakers game with Tim on 12/5/07. I also met with him around that time for input regarding a pending office action. Brief phone contact occurred in Jan., maybe Feb.. I left messages in Feb. and March, eventually his mail box became full. I called again in April and the line was disconnected. I went by the office in May and it seemed to be abandoned. I have received no communication from Tim at all since Feb.

During my last communications with Tim he indicated that he was considering moving to Costa Rica. Also that the office building was being sold or at least his interest in it. From my perspective, he has simply disappeared with no notification at all.

As mentioned, I am extremely busy and am now beginning to get updates regarding this property. I am not yet aware of the delinquencies that may have arisen because of his disappearance.

If you need any further clarification or information please contact me via mail or you may

Fax to 3) 278 8866

I can also be reached at 3) 278 6903.

I have to return to work on other projects and commence with damage control with my intellectual property. I would very much like to be kept informed regarding the status of Mr. Martin.

Thank you for your attention to this matter.

Sincerely,

Wayne Arden
